

Questions received regarding RFQ-04-2015 – Dell Workstations
Deadline to submit questions: May 8, 2015

Date Received	Question	Response
4/30/15	For RFQ-04-2015, are alternatives acceptable? The XPS 27 is a consumer model and can't be quoted to us by Dell.	So long as the technical specifications are met and the product is a Dell product, alternatives are acceptable.
5/1/15	The Dell Workstations reflected in the RFQ indicate a Consumer line of Dell product and not a Business/Corporate line of product. If you're seeking the exact specifications listed in the RFQ then we need to decline participation in this particular bid. If you're open to a product with similar specifications, then we can submit a bid.	So long as the technical specifications are met and the product is a Dell product, alternatives are acceptable.
